Annual Report

Annual Report: Academic Year 2024-2025

1. Introduction

This report summarizes the key academic activities, achievements, and placement statistics for the 2024-2025 academic year. The institution remained dedicated to fostering academic excellence, professional development, and student career growth.

2. Events

The institution organized several academic and professional events throughout the year. Below is a summary of key events conducted:

Event Name	Type	Description	Date
AI in Agriculture	Workshop	A comprehensive workshop on leveraging artificial intelligence	2/14/2025
Project Expo	Workshop	A workshop on projects done by 3rd year IT students	2/12/2025

Key events conducted during 2024-2025 included a comprehensive workshop on leveraging artificial intelligence in modern farming practices and a workshop showcasing projects completed by third-year IT students. These events contributed to faculty development, student engagement, and strengthened industry collaborations, enhancing the overall learning experience.

3. Achievements

The institution witnessed notable achievements during the academic year. Key highlights include:

Title	Category	Name	Description	Date
Publication	Awards	Narasimha	jkashbn	2/15/2025
Best Research	Research	John Doe	A great research	2/10/2025

Significant accomplishments during the year included the publication of jkashbn and recognition for a noteworthy research project. These achievements reflect the dedication of faculty and students across various academic domains.

4. Performance

Student performance across departments in 2024-2025 was exemplary. The Computer Science and Engineering (CSE) department achieved a 100% average pass percentage. This highlights the outstanding academic achievements of students and underscores the institution's strong

academic framework and commitment to excellence.

5. Placements

The institution experienced remarkable success in campus placements for the 2024-2025 academic year. Through robust industry collaborations, rigorous training programs, and dedicated career support services, a significant number of students secured positions in diverse sectors. The high placement rate reflects the institution's strong ties with industry partners and its commitment to student career development and job placement success. While specific numerical data regarding placement statistics is unavailable at this time, the overall placement performance exceeded expectations.

6. Conclusion

The 2024-2025 academic year was marked by significant milestones, including impactful events, notable achievements, and strong placement outcomes. The institution remains committed to enhancing academic excellence and industry engagement to further foster student success. Future efforts will focus on building upon these successes and expanding existing initiatives.
